

Tool cabinet with shutter doors

Article no: 4035075160

Wall-Mounted Tool Cabinet with Roller Shutter Doors – Smart and Space-Saving Storage! Our tool cabinet with roller shutter doors is the perfect solution for organized and secure tool storage. The cabinet is mounted on the wall and features a practical tool panel with hooks, making it easy to hang and arrange your tools in a clear and customized way. This cabinet is ideal for workshops, garages, and industrial environments where organized and efficient storage is a must.

- - Space-saving design – Wall-mounted to free up floor space and create a neat working environment.
- - Easy-access storage – Equipped with roller shutter doors for quick and convenient access without taking up extra space.
- - Tool panel – Perfect for hanging tools and keeping them well-organized. (Hooks are not included)
- - Secure locking – Protects your tools from unauthorized access and keeps the workspace safe.
- - Robust construction – Made from durable materials for long-lasting performance. Delivered unmounted.
