WARNING: Please pay attention to the operation as follows for using correctly.

- (1) Product center "P" shouldn't exceed the center of lengthen of lengthen fork.
- (2) The load of the center of lengthen fork, "P", is counted by the formula below.
$$P = T - 70 \times (A - L/2) + 25$$
$$T = 2500 \text{ kg}$$
A is the length from the center of lengthen fork to the back of fork.(mm);
L is the lengthen of fork..
- (3) You must choose the fork extension matching with the fork; otherwise it will influence the load on the fork or operating safety.
- (4) Do not damage and delete the warning label.
- (5) Please check carefully before using it.
